## We are Kolortek ————— **KOLOR TINT M A C H I N E**

We are proud to introduce an elegantly designed new Automatic Colorant Dispenser Kolor Tint Machine. The ideal choice for entry level markets. The Kolor Tint Machine Automatic Dispenser enables you to expand and explore custom color using an automatic tinting solution specifically designed to penetrate new channels such as small retail location. The Kolor Tint Machine design combined with a smaller footprint makes it an automatic tinting solution accessible to everyone.

### Features:

- ❖ Mobile Android Software.
- ❖ Robust and reliable piston pump technology.
- ❖ Newly designed click-on canister modules.
- ❖ A Brush cleaning system.
- ❖ Centralized automatic bottom stirring.
- ❖ Innovative modular design also minimizes transportation costs.
- ❖ Design simplicity allows self-assembly within a few minutes and serviceability.

## KOLOR LEAK SEAL

Kolor Leak Seal is a water-based, environment safe alternative to conventional hot-applied, solvent based and sheet membrane waterproofing system, since Kolor Leak Seal cures by evaporation, a minimum application temperature of min. 4-5°C is required. Apply in thin coats. The product cures within 24-28 hours at 21°C and 50% relative humidity, at a thickness of 40 mils (1mm).

For best results, surfaces must be dry and free of dirt, oil or grease. Application is not recommended if rain is imminent, or in high humidity environments.

Kolor Leak Seal is applied between 20-30 ft<sup>2</sup>/gal (0.3-0.7 m<sup>2</sup>/litre) to produce a 40-60 mil (1-3 mm) protective membrane. Kolor Leak Seal dries to the touch within minutes at 21°C. Curing time will vary depending on temperature and relative humidity.

**WEATHERPROOF YOUR ROOF WITH EVERY LAYER.**

## KOLOR ROOF TOP DAMP SEAL

Kolor Roof Top Damp Seal Paint is a specialized type of paint used to prevent moisture damage in walls and ceilings. It acts as a barrier to dampness, helping to seal and protect surfaces from water penetration, mold, and mildew. This paint is typically used on surfaces that are prone to moisture or have already been affected by dampness.

Kolor Roof Top Damp Seal Paint is ideal for areas with high humidity, such as basements, bathrooms, kitchens, or rooms with poor ventilation.
