Celebrate the uniqueness of your home with ideas and combinations that will add an instant charm to your walls.

INTERIORS

EXTERIORS

A warm-toned autumn forest scene. In the foreground, a large, vibrant yellow maple leaf lies on a bed of dark brown soil and small white stones. The leaf is covered in numerous clear water droplets, which catch the light. The background is a soft-focus forest with trees displaying rich autumn colors of orange, red, and yellow. The overall atmosphere is misty and serene, with a warm, golden light filtering through the trees.

The image is a full-page background photograph of a lush, rolling landscape. The hills are covered in vibrant green grass and crops, with some patches of lighter, yellowish-brown soil visible on the upper slopes. A winding road, bordered by a line of tall, slender cypress trees, curves through the foreground and middle ground. The sky is not visible, as the hills fill the frame. The overall color palette is dominated by various shades of green, with some brown and tan tones in the soil patches.

For Paint Best Performance

■ Refer Product Info Sheet

Refer product information sheet to know about product details & ensure the product is applied with the right painting system & methodology.

■ Before painting, prepare the surface

Ensure that the surface to be painted is free from any loose paint, chalky / powdery particles, dust, chalky or grease.

Any previous growth of fungus, algae or moss to be removed thoroughly before painting by vigorous wire brushing and cleaning with water.

Surface imperfections such as holes, dents, fine cracks are to be filled with crack filler, before painting.

■ When not to paint – pay attention to weather conditions

Ensure not to apply paint in extreme temperature or humidity conditions or with poor ventilation. Avoid painting below 10 deg C surface temperature or/and at humidity greater than 90%.

■ Using primer, basecoats and additional coats

Ensure that a primer or waterproofing basecoat is used before applying the top coat of paint for desired paint performance.

Ensure that horizontal surfaces like top of windows, ledges and other horizontal surfaces are painted with an additional coat for greater protection.

■ Caring for your wall

Cleaning
For the best performance of the paint, ensure proper washing and cleaning of all algal & fungal growth at regular interval of six months.

Removing Stains
For removing household stains of pencil, tea, coffee, crayons, turmeric, sketch pen etc, immediately use mild detergent solution with sponge to clean the stains.

100+
colour combinations

To make your house
as beautiful as it can be
